

Meiveda Ayurvedic and Beach Resort

Psoriasis – 14N

At Meiveda AyurvedicBeachResort, psoriasis is addressed through a deeply personalised Ayurvedic framework that focuses on correcting internal imbalances rather than treating the skin at a superficial level. The 14- and 21-night programs begin with a comprehensive consultation by experienced Ayurvedic doctors, who assess each individual's prakriti and doshic disturbances—often involving Vata and Pitta—to design a customised treatment plan. Rooted in classical Panchakarma and Shodhana Chikitsa (detoxification), the program emphasises the elimination of accumulated toxins (ama) through preparatory therapies such as Snehapanam (internal oleation) followed by cleansing procedures like Virechana, aimed at purifying the system and restoring doshic balance.
