Madukkakuzhy Ayurveda

Psoriasis – 14N

The Psoriasis Treatment Programme at Madukkakuzhy Ayurveda, Kerala, focuses on supporting skin health through traditional Ayurvedic practices and personalised treatment. Following an Ayurvedic physician's assessment, the treatment plan may include herbal medicines, medicated oil applications, external therapies, dietary recommendations and lifestyle modifications based on the individual's condition. The approach aims to help manage symptoms such as itching, dryness, redness and skin irritation while promoting overall well-being. The specific therapies and treatment duration depend on the patient's health needs and the physician's recommendations. Psoriasis is a chronic skin condition, so Ayurvedic care should complement appropriate dermatological treatment.
