Manaltheeram Ayurveda Beach Village

Spine and Neck Therapy-14N

The Spine and Neck Care Programme at Manaltheeram Ayurveda Beach Village, Kerala, is designed to support people experiencing neck pain, back pain, spinal stiffness and restricted movement. According to the resort's published programme, the treatment includes special massages, Kativasthi, Snehavasthi, Kashayavasthi, Pizhichil, Njavarakizhi and special exercises.

The programme uses traditional Ayurvedic therapies to help relieve discomfort, relax muscles and improve flexibility and mobility. Kativasthi involves retaining warm medicated oil over a specific area of the back, while Pizhichil involves the application of warm medicated oil over the body. Njavarakizhi is a warm rice-bolus therapy traditionally used to nourish tissues and support physical comfort. The doctor selects suitable therapies according to the patient's condition, medical history and treatment goals.
